

Court Reporting Services

Our court reporting services have been assisting clients in Jacksonville, Tampa, Orlando, and Miami for over 22 years. The court reporters of Orange Legal are experienced, professional, accurate, and span the entire state of Florida. In Florida, not all reporters are required to be certified; however, most of our reporters are Registered Professional Reporters or have obtained even higher certifications. In addition to the Registered Professional Reporters associated with our agency, we have Certified Realtime Reporters, Certified Merit Reporters, Certified Shorthand Reporters, Florida Professional Reporters and Certified LiveNote Reporters. We maintain approximately 150 reporters in Florida with tenures from one month to 22 years. All of our Florida court reporters utilize the most cutting-edge technology to bring our clients the best product possible.

In addition, our reporters can help you wherever you are. In nearly every city in Florida, court reporters are working for Orange Legal, and even though our main office is headquartered in Orlando, court reporters and other Florida legal support are conveniently located in whatever city you desire – even Miami and Jacksonville! They will go the extra mile- literally- to make sure the job is done right.
